1. Introduction

The School Management System is a web-based platform designed to streamline school administration. It provides different views and capabilities based on user roles: **Super Admin, School Admin, Teacher, Student, and Parent.**

Key Features

- Student and teacher record management
- Class and section organization
- Attendance tracking
- Homework assignment and submission
- Test and examination management
- Marks and grading
- Timetable scheduling
- Library management
- Built-in chat
- Reports and analytics
- Bulk data import

2. Getting Started

Accessing the Application

Open your browser and navigate to the school's URL. You will see the login page.

Logging In

1. Enter your **email address** (provided by the school).
2. Enter your **password**.
3. Click **Login**.

Role	Email	Password
------	-------	----------

Super Admin	superadmin@school.com	password123
Teacher	mohan@school.com	password123
Student	sana@school.com	password123
Parent	imtiyaz.parent@school.com	password123

Demo student accounts: `student1@school.com` through `student72@school.com` with password `password123`.

Logging Out

Click your avatar (profile picture icon) in the top-right corner and select **Logout**.

3. Dashboard Overview

The dashboard is your home screen after login. It displays:

- **Quick Stats** — Total students, teachers, attendance percentage, upcoming events.
- **Upcoming Tests** — Tests scheduled in the next few days.
- **Recent Activity** — Latest attendance records, homework submissions.
- **Notifications** — Unread alerts and reminders.
- **Charts** — Attendance trends, performance graphs (varies by role).

Each role sees a customized dashboard. Admins and teachers see school-wide statistics. Students see personal attendance and homework. Parents see their child's performance.

4. Student Management

Viewing Students

Navigate to **Students** in the sidebar. The table shows Name, Email, Class-Section, Roll Number, Gender, and Parent Name. Use the search bar to find a student.

Adding a Student

1. Click **Add Student**.

2. Fill in: First Name, Last Name, Email, Date of Birth, Gender, Class, Section, Phone, Address.
3. Click **Create**.

Default password: `password123` .

Editing a Student

Click on any student row to view details, then click **Edit** to modify.

5. Teacher Management

Viewing Teachers

Navigate to **Teachers**. The table shows Name, Email, Employee Code, Qualification, Specialization, Phone, and Status.

Adding a Teacher

1. Click **Add Teacher**.
2. Fill in: First Name, Last Name, Email, Qualification, Date of Birth, Gender, Phone, Address.
3. Click **Create**.

6. Class & Subject Management

Navigate to **Classes** to view all classes (1–12) with sections A, B, C. Navigate to **Subjects** to view subjects taught. Subject-to-class mappings determine availability per grade level.

7. Attendance

1. Navigate to **Attendance**.
2. Select a Class and Section.
3. Select a Date.
4. Mark each student as: **Present** (green), **Absent** (red), **Late** (yellow), or **Leave** (blue).

5. Click **Save**.

Students view their attendance in **My Attendance**. Teachers see class-wise summaries. Admins see school-wide analytics.

8. Homework

Creating Homework

1. Navigate to **Homework** and click **Add Homework**.
2. Enter Title, Description, Subject, Target Class/Section, Due Date, and Max Score.
3. Click **Create**.

Student View

Students see pending assignments under **My Homework**.

Teacher Review

Teachers can view submissions and provide marks and feedback.

9. Tests & Marks

Creating Tests

1. Navigate to **Tests** and click **Add Test**.
2. Enter Title, Subject, Class, Section, Date, Maximum Marks, Passing Marks, and Exam Type.
3. Click **Create**.

Entering Marks

1. Navigate to **Marks** and select a test.
2. Enter marks for each student and click **Save**.

Leaderboards

View top-performing students across classes and subjects under **Leaderboards**.

10. Exams & Timetable

Exam Schedules

Navigate to **Exams** to view upcoming exams with title, subject, class, date, time, and room.

Timetable

Navigate to **Timetable** and select a Class/Section to view 6 periods per day, Monday–Friday, with subject, teacher, and room for each period.

11. Library

Navigate to **Library** to browse books and digital resources organized by category. Books show title, author, ISBN, publisher, and availability. Digital resources include PDF notes and online learning links.

Books are automatically issued to students matching their grade level with issue date, due date, and status tracking.

12. Chat

1. Navigate to **Chat**.
2. Search for a user by name or email.
3. Click on a user to open a conversation.
4. Type your message and press **Enter** or click **Send**.

Conversations auto-refresh every 5 seconds. Unread message count appears on the sidebar.

13. Reports & Analytics

Reports — Generate student performance reports, attendance summaries, and class-wise analysis.

Analytics — Visual data insights including attendance trends, test score distributions, subject-wise comparisons, and demographic data.

14. Notifications

Click the **bell icon** in the top bar to view notifications about homework, tests, attendance updates, and announcements.

15. Bulk Import

Available to Super Admins. Navigate to **Import**.

Importing Students
